

MEETING NOTICE AND INVITATION

Wednesday, December 19th, 2:00 pm

Alpine, Texas City Hall

The City of Alpine, Texas, will be hosting a project kick-off meeting for a Regional Solid Waste Planning Study on Wednesday, December 19th, at 2:00 pm at the City of Alpine City Hall. Funding for the project is being provided through grants from the U.S. Environmental Protection Agency (EPA) Border 2012 Program and the Border Environment Cooperation Commission (BECC) Technical Assistance Program. The City of Alpine has retained Naismith Engineering, Inc. to this study and to coordinate the public involvement to be conducted in conjunction with this study. The study will consist of the following tasks:

- Task 1-1, Facility Planning
- Task 1-2, Current Practices Analysis
- Task 1-3, Alternatives Analysis
- Task 1-4, Land Requirements, Site Analysis, and Conceptual Design
- Task 1-5, Management Analysis
- Task 1-6, Determination of Permit Requirements
- Task 1-7, Preliminary Financial Analysis
- Task 1-8, Public Participation
- Task 1-9, Deliverables

The City would like to invite representatives of federal, state and local government entities and regulatory agencies in the region to attend this informational meeting. The purpose of the meeting will be to introduce the project sponsors and consultants, review the scope of work for the project, discuss issues and potential solutions for the region, and interface with other governmental entities and regulatory agencies on municipal solid waste issues.

Representatives from Naismith Engineering will be contacting each governmental entity and regulatory agency to confirm contact information and identify individual attendees for the meeting. After Monday, December 10, 2007, additional information will be available on the consultant's project website: www.neionline.com/Alpine-MSW.html. A detailed meeting notice, agenda and directions to the Alpine City Hall will be forwarded to confirmed attendees and anyone interested in being on the project e-mail distribution list. Individuals without access to the internet or who have special needs may request to be placed on a traditional mailing list or facsimile distribution list. Requests to be included on the either list should be directed to:

Naismith Engineering, Inc.
